

New! OVA Player Registration

Individual Player Profiles

1. Jane Sernoskie has emailed each coach to let them know which athletes or coaches have yet to set-up their OVA accounts.
2. The OVA has reissued a number of email links.
3. Parent reps to follow-up with team members to ensure all profiles are completed.
4. If a member still does NOT have the email link to update their profile please ask the individual to email:
Jane Sernoskie (jsernoskie1@cogeco.ca)
with a correct email address of the athlete's parent so Jane can ask the OVA to resend the NRS link.
4. The process is simple:
 - NRS sends an email link to each member after Jane registers and pays for them.
 - The member clicks on the link and fills out the appropriate info and 2 minutes later, their account is set-up.

NOTE: If the profiles are not completed the club cannot register your team for tournaments.

Beach Players already in NRS

Any player that played beach this past summer is already in NRS and therefore did not receive an email.

Please note: All beach players who log in to the system to update their profile will notice that a screen pops up and tells them they owe \$20. They do not owe anything and the system is in the process of being fixed.

Please let your team know to do nothing. They can access their profiles in the next few weeks once the problem has been resolved.
